# A Grand Old Man Has Passed Away.

Mr. James L. Fairleigh Dies Owensboro At the Age Of 79.

# WAS BORN IN MEADE COUNTY.

He Was A Life Long Republican And Cashier of The Meade County Deposit Bank Until Its Liquidation.

BRANDENBURG, KY., Oct. 30th, (Special.)-When Gladstone passed beyond we said, "A grand man has gone !" Just as truly and sincerely do we, that knew Mr. James L. Fairleigh, say from our hearts, "A grand old man has gone to his reward." "Well done, thou good and faithful servant, come up higher into the joys of thy Lord !"

Mr. Fairleigh, aged seventy-nine years, died at noon last Thursday in Owensboro at the home of his daughter, Mrs. Chepeze Wathen, from acute pneumonia, after an illness of five days. He was born in Meade county in 1820. At one time he lived at Rumsey, Ky., where he was in the sawmill business with his brother Henry. Mr. Fairleigh was for many years engaged in the dry goods business here. He was a life long Republican and served as Chief Deputy in Gen. Murray's office when he was United States Marshal and made his home in Louisville. He came back to this place and was a most efficient, reliable, cashier of the Meade County Deposit Bank from its organization to its liquidation little over a year ago. He then went to Owensboro.

Mr. Fairleigh was a devout Methodist having embraced religion early in life. He never turned aside from a Christian's path. His whole long pilgrimage was a continuous sermon. Mr. Fairleigh was one of the few that really observed the "Golden Rule" in social, political and religious circles. He was firm, but conservative. He was an interested Sunday-school teacher in his younger days.

He was twice married-Each wife was a Miss Murray. By his first union he leaves one daughter, Mrs. J. W. Lewis, of this place, Miss Jane Murray, whom he married fifty odd years ago, survives him and by whom he leaves three children:-David and Andrew, of Louisville, and Mrs. Chepeze Wathen, of Owensboro. His sisters are Mrs. Mary Stuart, of Brooklyn, N. Y.; Mrs. Letitia Wilson, of Pinkeyville, Ill.; his brothers: Jduge C. C. Fairleigh, of this place, and John S., of this there were outstanding warrants for Indianapolis, Ind.

The remains were brought to Mr. J. W. Lewis' home on Friday, where the Rev. A. D. Litchfield, of the M. E. church, read the beautiful, touching, burial service of the church; prayer and singing followed, A very large congregation met, composed of the very old and the very young. Exquisite white roses, true emblems of his spotless life, with other lovely floral designs, were laid by loved ones upon his elegant casket. A more devoted husband and father none ever knew; affectionate brother, loyal friend. The longest procession seen here in years, followed his remains to the cemetery where the burial service was concluded with a touching petition by Bro. Litchfield and singing.

Those who attended the funeral services from a distance were:-Mrs. R. L. Newsom, Mr. and Mrs. J. D. Babbage, Mrs. D. R. Murray, Cloverport; Miss Addie G. Ditto, of Louisville; Mr. and Mrs. J. D. Brashear, of Owenshoro; Mr. and Mrs. H. L. Bell and Miss Eva. Carrigan, of Guston; Singleton Wilson, of Pinkeyville, Ill.; Mr. and Mrs. Jesse Harndon, of Irvington; Mr. and Mrs. Jesse Malin, of Vine Grove; Mr. Ken Wathen and Miss Ellen Wathen, of Irvington; Mr. Richard Wathen, of Bardstown; -All relatives here from a distance. "Blessed are the dead who die in the Lord."

# WHY I USE FERTIL-IZER ON WHEAT.

I am frequently asked if it pays me to use fertiliser on my wheat. I answer that it does. For instance, I have two ten acre lots adjoining. They will bring from seven to nine bushels of wheat if well put in. I sow lot No. 1 without fartilising. I put lot No. 2 in same condition, put on it fifteen hundred pounds of fertilizer at a cost say of \$20.00, one year's interest on the money, say \$1.35, making it cost in all \$21.25. Now I am pretty safe in saying that I will get 80 bushels from lot No. 1 and 100 bushels from lot No. 2. From first lot I sell 80 bushels at 70 cents:=\$66,00. From second lot I sell 100 bushels at 70 cents-\$112.00, After paying for my furtilliser I have \$90.75 from lot No. 2 and from lot No. 7 I have \$50.00. I will be sure to get a fine stand of grass and slover on let fartilled and almost sure to get a bad stand on let not fartillend. If such is the case, and it has been, I am getting more Descript many it, at the most time improving my farm. Fine

#### THE CITY ELECTION.

Judging from the number of candidates for City Council this year it would seem that an unusual interest is felt in the management of municipal affairs, and well it is that the interest is felt, for the souncil to be elected will become the custodians of the city funds, including \$ \$4000 sinking fund, and will regulate the rate of taxes for two years to come and in that length of time will have am ple time to commit blunders which will embarram the city's finances for years to or will have two years in which to hold down the rate of taxes and build up the now healthy sinking fund and better prepare the town to meet the \$20,000 obligation we assumed when in 1889 we issued 5 per cent bonds amounting to that sum which are due in 20 y-are and thereby secured for Cloverport the location of the L. H. & St. L.

It seems to me that there has never been a time when more care should be taken in the selection of men to manage our city affairs than at the present, for we must continue to add each year a considerable sum of money to the sinking fund and at the same time avoid an excessive tax, and to do this men of sound judgement should be selected, who entertain ideas of economy and not those of extravagance.

Below we give a list of gentlemen as they will appear on the ballots now being printed:

Under the head of "Citizen's Ticket" will be the names of R. N. Hudson, W. H. Bowmer, Jas. G. Harris, Dr. Jessie Moorman, Marion Behen and Chas. E.

This ticket is composed of good, substantial men and will represent the temperance papie, who expect in the event of their election to have passed an ordinance placing the license tax for retailing liquor so high as to make it prohibi-

The second ticket will be called "Propressive Ticket." It will contain the names of Barney Bohler, James Mattingly and Shelby McCracken, all good men whose supporters will expect them to improve the streets, open new streets, construct and operate an electric plant and water works.

The "People's Ticket" is composed of J. T. Owen, A. A. LaHeist, J. H. Rowland, Thomas Prescott, John Heston and C. W. Hamman, All good men representing the young blood. We don't know on what particular issue they will

The last ticket is the "Old Board Ticket," composed of A. L. Oelze, S. P. Conrad, Silos Lillard, E. T. Haynes, John D.

Gregory and C. B. Skillman. There gentlemen were elected in 1893 and with the exception of Haynes and dregory, have served during the past elx years, and in justice to them it is Monday. only fair that the public be made acquainted with their record as "city

When sworn in during Jan. 1894, they found the town in debt \$21,100 in shop and sebcol house bonds; in addition to sbout \$1000 with available funds amounting to only \$300 with a tax rate of 75 cents on the \$100, and city warrants

worth only 85 to 97 cents on the dollar. During the first year of their work they reduced the tax rate to 40 cents, paid the school bouse bonds amounting to \$1100, with 7 per cent interest thereon all of the outstanding debts and brought the value of city warrants back to par. In 1895 they created a sinking fund and have yearly added to it 20 per cent of the tax until now we have a sinking fund which will amount to \$4000, when this year's taxes are paid. This sum has grown to this size under their management since 1895 and that too on a tax never greater than 50 cents on \$100 and less than 50 cents up to 1898 and 50 sents now because of the depreciation of the assessed volume of property, which tion's well-to-do farmers. has fallen something like \$80,000, during

he last two years. They have been conserva tive and have shown a clean record and one which refeets credit on them.

The fluencial condition of the town, was never in better condition than now and it must be kept so for in 1920 our railroad debt must be paid and unless we prepare each year for it, when that pay day comes, we will be forced to sur render a large percentage of our property in order to cancel our obligation.

Now gentlemen look well over the list and be sure you make no error in the selection of men to represent you during the next two years for it is exesedingly important that we elect a set

Last summer some of them were constantly on the go, organizing societies and collecting dues. It is marvelous how they succeed, and the Elizabethtown district, of which this is a part, is noted for its missionary spirit and the faithful, good women, who keep it up. Their husbands don't have much to say about it either, and they shouldn't be allowed to do so.
